Keeping a diary is a terrific way to keep track of things. For the term, write an entry each day to focus on helping our environment. You can write about what you are doing to help, a special project you might be running or any discoveries you make about our planet. Put the date on each entry and if you need more room, start another journal, use a sports notebook or create on the computer. Glue in articles, pictures—anything goes! Send it in at the end of term for your chance to be named a GREEN LANE HERO!

On completion, please mail this green diary to:
